

One Team. Start to Finish.

For nearly a decade, families and business owners have trusted The Law Office of David Watson for estate plans that truly work. Recognized in *Best Lawyers: Ones to Watch*®, David creates clear, practical documents—trusts, wills, powers of attorney—backed by the crucial funding steps that make them effective.

We coordinate with your advisors, retitle property, and confirm beneficiary forms so nothing slips through the cracks. From family cottages to business succession, we design protective, flexible plans that safeguard inheritances from risk while supporting education, housing, or business needs.

When details matter, clients rely on us to deliver the legal strategy, tax coordination, and real estate execution—all under one roof, from start to finish.
